

RESULTS ON EXAM 8 MARCH

UPDATED Wednesday 16/3.

I only write results for those who ticked the box “Jag tillåter att ... läggs ut på internet”. (For 6p: If ticked on *one* exam I understand this to mean that the *complete* result may be posted.) You may write an email to me and ask if you don't find your result below. I have handed in all exams to the student administrators.

The final score is computed as

$$F = \frac{2}{3}(E_1 + E_2) + H,$$

(rounded to nearest integer) where $0 \leq E_1 \leq 40$ is the score on exam no 1 (8 March), $0 \leq E_2 \leq 20$ is the score on exam no 2 (14 March), and $0 \leq H \leq 6$ is bonus from homework. “Godkänt” is $F \geq 18$, “Väl Godkänt” is $F \geq 26$.
